

## LOCAL INTELLIGENCE.

THURSDAY EVENING AUG. 2 1894.

Sun rises to-morrow at 4:59; and sets 7:01. High water 9:08 a. m. and 9:08 p. m.

WEATHER PROBABILITIES.—For this week's showers to-night, followed by fair weather on Friday; slightly cooler on Friday; southerly winds, becoming westerly.

THE DRIVING PARK.—The Alexandria Driving Club last night handsomely entertained a large number of their friends at the Driving Park, near this city. Mr. J. M. Hill, the manager of the park, acted as host, and right royally did he banquet his guests. The Alexandrians, numbering upwards of fifty, left here about eight o'clock in vehicles, and were soon driven within the enclosure of the park. Here the grounds and spacious buildings were brilliantly illuminated with electricity. The guests were shown every thing connected with the park, and it was the unanimous opinion of all that it was one of the most commodious and best arranged driving parks in the country, and that its success is assured. It is situated on the railroad between this city and Washington, on the main artery of travel between the North and the South. It takes but a few minutes for people from this city to reach the track, and the fare is the same as on street cars, while the run can be made from Washington in about twenty minutes. The buildings and grounds are fitted with every modern appliance for conducting a race track.

After the visitors had made a careful inspection of all there was to be seen a splendid collation was spread in the shape of oysters on the half shell, oyster soup, soft and deviled crabs, lobster, chicken and other salads, cakes, jewel fruits, punch, wine, coffee, &c., which was highly enjoyed by all.

After full justice had been done to the feast Mayor Strauss, who acted as toast master, complimented Mr. Hill and the managers of the park, for the enterprise they had shown in affording such a resort to the people of Alexandria and wished them unbounded success in their undertaking. Speeches were also made by State Senator Mushbach, Delegate Bendheim, Corporation Attorney Brent, Postmaster Cullin, Col. L. C. Carley, City Sergeant Smith, Chief of Police Webster, of this city; Messrs. Frank Hume and C. N. Thompson of the county and others, all of whom wished the park and its managers success. The evening was enlivened by music by the Alexandria brass band, led by Mr. Henry Nalls.

After spending a most delightful evening the Alexandrians reluctantly left for their homes, arriving here at about 11:30 o'clock.

Captain James F. Webster, of the Alexandria police force, who was one of the guests, and who responded to calls for an explanation of some pleasantry in connection with a conjuration case in which he described the modus operandi of upsetting the conjuror, had improvised a speech abounding in reminiscences had he had the time to deliver it. Fifty years ago the captain witnessed within a stone's throw of the Driving Park and on the site of the present Del Ray a race between Boston, Wilton Brown and Prior for the best two in three. Half a century ago the neighborhood of the Driving Park was used as a race track and in our day and generation it reappears as such.

In speaking of the park the *New York Evening Sun* says: The meeting of the Virginia Jockey Club on its new track near Alexandria will begin directly the racing season closes in this State. It is expected that a meeting of unusual brilliancy will open the new track. Secretary McIntyre is busy arranging several stake events that will bring together some of the very best horses in training. It is more than probable that the Alexandria Handicap will have a field second only in importance to those that tried conclusions in the Brooklyn and Suburban Handicaps.

Mr. Benj. Cook and Mrs. Minnie Doherty were married last night. Misses Ethel and Augusta Irwin, of Baltimore, Md., are visiting Misses Gertrude and Josie Harlow.

REPUBLICAN COMMITTEE.—A meeting of the republican committee of this congressional district was held in this city to-day, present L. W. Corbett, of Alexandria; C. P. McCabe, of Loudoun, and H. C. Wales, of Louisa, by proxy. Other republican leaders of various counties in the district were also present, and Mr. J. A. Brooke, of Culpeper, one of the members of the committee, came in just as the meeting adjourned. Mr. H. C. Eddins, of Orange, was elected a member of the committee to fill the vacancy caused by the death of Mr. R. R. Farr, of Fairfax. The question of holding a convention to nominate a candidate for Congress was discussed at length. Most of those present said the republicans wanted a convention and could send delegates favorably to the nomination of Mr. Park Agnew, of this city, for Congress. Mr. Agnew, who was present, said he hoped they would do nothing of the kind, as he was not a candidate. Finally a vote was taken and the committee decided by a vote of 2 to 1 to hold a convention at Manassas on September 5th next, which convention could determine whether or not to nominate a candidate for Congress.

POLICE COURT.—Mayor Strauss presiding.—The following cases were disposed of this morning:

Bernard Garrett and William Harris, both colored, arrested by Officer McCuen on complaint of Market Master Lyles for disorderly conduct in the market, were fined \$1 each.

Ann King, colored, arrested by Officer Jones for fighting, was fined \$2 or given 15 days in the work house.

Cynthia Johnson, colored, arrested by the same officer on a similar charge, was dismissed upon promising to leave the city at once.

John T. and A. Lyons, charged with assaulting Stephen Smith were dismissed and the costs of the warrant assessed against the latter, who was also put under security to keep the peace for twelve months in the sum of \$100.

Night Report.—Last night was clear and warm until about 2 o'clock, when it became cloudy. Four prisoners and one lodger were at the station house.

FRUIT SHIPMENTS.—Eighty-two loads of watermelons from the South have passed over the Midland line of the Southern Railway for the northern markets during the past 24 hours. Quite as many are carried by the Coast line, or Washington Southern. Fruit and vegetables have of late years become a tremendous source of revenue to the southern States. No State in the Union has superior advantages over Virginia in soil and climate, and, as wheat is a drug, it will pay the farmers handsomely to give more attention to truck gardening, and to diversify their crops.

BASEBALL.—The game of baseball at New Alexandria yesterday between the Hyattsville club and the Old Dominion club, of this city, was largely attended. The Hyattsville team consisted of players from the best clubs in Washington and Hyattsville. The game lasted for seven innings and resulted in a score of 11 to 6 in favor of Hyattsville. The batteries were Butler and Nichols for Hyattsville, and O'Brien and Beach. The features of the game were catches by Nichols, Smith, Muir and Poss.

The same teams meet next week in Hyattsville.

SNOWBALLS IN MIDSUMMER.—Numbers of the younger generation have been embarked in a new enterprise—the manufacture of snowballs during the dog days. Dry goods boxes have been placed on several corners in the city where the cooling articles are dispensed. It requires but little capital to embark in the business. A scraper, a few bottles of soda water syrups and a lump of ice being the bulk of the stock in trade. The ice is scraped and moulded into a ball and flavored to suit the taste. They bring one cent a piece.

THE "COMMONWEALTHERS."—Sheriff Veitch, of the county, was in the city to-day. He says the "Commonwealthers" camped at Rosslyn are gradually dwindling away and leaving the county and that all would go if they could get transportation to their homes. It is said that an effort will be made to get Congress or the District of Columbia commissioners to make an appropriation to send the men home. The men have found out that "there is nothing in it" and are anxious to get away from the vicinity of Washington.

THE GARBAGE NUISANCE.—The scow loaded with garbage which was anchored in Hunting creek yesterday, and the emanations from which nauseated every one within half a mile of it, was last night towed to the mouth of the creek and sunk by order of Dr. Purvis, the Health Officer. A futile attempt was at first made to burn it with coal oil. It is understood that the garbage was to have been used by Mr. George Peverill on his truck garden, southwest of the city.

FUNERAL.—The funeral of Mrs. Hattie Nagley took place this morning from the residence of her brother, Mr. G. D. Hopkins, on King street. The funeral was conducted by Rev. P. P. Phillips and the pall bearers were Messrs. H. K. Field, E. B. Kemp, Wilmer Kemp, Herman Wadley, Carter Smith and B. Wheatley, jr. The remains were placed in a vault and will be taken to Hagerstown, Md., for interment.

DANCING CONTEST.—Fully 300 persons witnessed the dancing contest at Riverside Park last night between Prof. Kaplan and Mr. Shirley King, of this city. The gold medal was awarded to Mr. Shirley King and his partner, Miss Maggie Davis, of this city. The judges were Messrs. John Proctor, Edward Dean and Patrick J. Downey.
